Dear Parishioners of Divine Infant:

We are now in the last quarter of our Cupola Restoration Campaign. It has been a long appeal and I am so appreciative of your support to-date. We have reached 80% of our goal to raise the necessary \$125,000 in total. Thank You!

As you know, these funds were necessary to restore the cupola and much of the Church interior; so badly in need of repair due to extensive wind and water damage. The fine results speak for themselves every time we enter the Church; something which can give all of us great satisfaction.

In order to reach our goal, I kindly ask you to consider making either a first-time donation or a further donation, building on your previous generosity. We all feel the effects of the constant rising of the cost of the living, which makes our financial planning quite challenging. That said, I would like you to know that your dedication, generosity and commitment to your parish and your church is greatly appreciated. It is a visible and beautiful expression of God's love and mercy in action. May God Bless you all!

In Christ,

A handwritten signature in black ink that reads "Fr. Waldemar Pallon" with a small flourish at the end.

Fr. Waldemar
Pastor
